Our Advertisers

This official program didn't just happen—every Menomonie business man or woman whose advertisement appears in this booklet had a hand in it. Now many of these folks don't depend on the trade of college students for their business; some do—but every one of them is a supporter of the Stout Letterman's Club and of the college itself. Learn their names. Look for their business houses when you go down town to shop.

If you have a choice to make of where to buy, buy from the folks who have dug down to let you know that they are supporting you. That's how we feel about the matter, and we know you do, too.

—THE STOUT "S" CLUB
